Sale of 86 Commercial Friesian Holstein and British Friesian Dairy Cattle

LODGE & THOMAS

Have been instructed by Mr. R.C. Keskeys of Woodside Farm, Boskenwyn, Helston to sell his Friesian Holstein and British Friesian dairy herd by auction on this Tuesday 19th March commencing at 12 noon and removed to Truro Livestock Market for convenience of sale together with other entries

85 FRIESIAN HOLSTEIN AND BRITISH FRIESIAN DAIRY CATTLE

Comprising: 55 in-milk and/or in-calf cows and heifers together with 15 bulling and younger heifers and calves.

This is a small herd of both Friesian Holstein and British Friesian dairy cattle the majority of which are home bred with some purchased from other recent local dispersals.

The annual herd average is about 5,000 litres with butterfat 3.96%, protein 3.17% and annual cell count of 93.

Individual cell counts, butterfats and proteins have been obtained for the milking animals and yields will be given from home weighings.

The cows are kept on a low cost system, cubicle housed running in and out over winter, fed on grass, grass silage and cake in parlour and milked twice daily in a Herringbone parlour.

The cows are vaccinated for Leptospirosis and there has been no known Johne's disease.

With 30 1st to 4th calvers, 20 are recent calvers with 12 due shortly and others during the summer, AI'd either to Holsteins Tennyson and Hayden or to AA or BB beef bulls.

The younger animals include 5 in-calf heifers to AA, 2 bulling heifers and yearling heifers and calves.

This is an excellent opportunity to purchase cattle with scope to improve production.
